Report: R-106
Title: Healthcare Generative AI Market 2025
Publisher: Cognitive Market Research (CMR)
Published Date: January 15, 2025
Sector: Healthcare | Access: Paid

Executive Summary:
Analysis of generative AI applications across clinical documentation, medical imaging, synthetic patient data generation, and drug discovery research.

Section 4: Market Sizing and Growth Horizons

The global healthcare generative AI market size stood at USD 2.15 billion in 2024 and is forecasted to accelerate at a CAGR of 34.8% from 2025 to 2031.

North America represents 48% of global market revenue owing to rapid adoption of ambient clinical listening tools by major hospital networks.
